

Industrial screens

Compact and sturdy dividers enable easy adaptation of any space. Modular screens are an easy way of creating more private work areas within production facilities. Add [storage and tool accessories](#) to fully-utilize the space and create standing storage solutions. All accessories of module size M30 are compatible with the screen, enhancing the use of space. Soundproofed versions are also available.

- A robust, freestanding steel divider onto which accessories can be mounted on both sides
- All the accessories for the M30 modules are compatible with the screen
- The soundproofed model has fire-resistant polyurethane foam insulation behind the perforated panel
- Screen height 72.83"
- The standard section includes two legs (T) and 6 perforated panels (3 on each side)
- An extension includes one leg (T, L or I) and 6 perforated panels (3 on each side)
- Load capacity: 660 lbs per section
- A 90° angle can be created with a pair of right-angle assembly clamps
- Delivered unassembled

Industrial screens (10)
