

Roll stands

Freestanding, sturdy, multipurpose roller stands for rolls of packing material, for example. Low and tall models are available in three different widths. Adding wheels makes the stand easy to move to wherever it is needed. In addition, by adding a cutter, the stand becomes a workstation at which larger material is accessible in a user-friendly manner. If smaller packaging material is being used, consider the [TPB packing workbench](#).

- Robust, freestanding roll dispenser stands
- Changing the roll is quick and easy
- Adjustable roll height
- Low stand height 39.37", one roll holder included, three widths available
- High stand height 65", two roll racks included, three widths
- Accessories include a set of wheels (4 swivel wheels, two with brakes)
- A compatible cutter and extra roll holders are also available
